SOFTEE 2D & 3D PVC

We take pride in our design ability for well crafted PVC products. Multi-leveled construction is possible in both 2D & 3D.

- 2D allows you to create a layered dimensional appearance with each level having a flat profile
- 3D allows you to create a layered dimensional appearance with a raised or sculpted appearance. Our design team will assist you in creating that memorable PVC product
- Has a high perceived value with a low cost
- Product design: Keychains, Zipper Pulls and Magnets
- Please contact us for pricing and further information

Please see insert for pricing.
